Reddie Furniture

Reddie is your destination for timeless furniture you can customise online. Using our online design tool, you can customise our collection over 1000 unique ways. All of our products are then hand-crafted from the finest materials in our factory in Central Java, Indonesia. Our production consists of a wood, metal, marble, leather and upholstery workshop. We pride ourselves on using the highest quality solid teak wood & materials that are ethically sourced.

There are 2 unique ways to work with REDDIE for your projects.

- 1) Customise our standard collection online or in person.
- 2) Further customise our products by size and material.

Reddie's aim is to provide a flexible and easy to use platform to suit your project's needs. Every project is different and unique and we think your furniture should be also.
